

## TOTAL BODY WELL-BEING

Your oral health is a vital part of your general health. Untreated dental diseases can contribute to several destructive conditions including heart disease and diabetes. Regular checkups and professional care are the keys to maintaining healthy teeth and gums.

We provide:

- Board-Certified dentists and hygienists
- Emergency dental care
- Denture services
- Oral cancer screenings
- General family dental care

Meridian Dental—Family Dentistry meets CDC guidelines for oral and dental healthcare.

**Meridian Dental ensures no one is turned away for inability to pay.** A sliding fee scale is available for those who qualify, and we accept most insurances including Medicaid.

Meridian Health Services is a regional, progressive healthcare organization specializing in “whole-person” health integrating physical, mental and social well-being. The focus on a broader spectrum of health offers a well-rounded approach for happier, healthier patients.

# DENTAL HEALTH

## FAMILY DENTISTRY

Physical. Mental. Social Well-Being.

## Total Body Well-Being

Good oral health includes more than just caring for teeth—it encompasses disorders that affect the oral, dental, and craniofacial tissues. Because oral health plays such an important part in overall and continued wellness, it is vital to incorporate regular dental and oral health practices for total and optimal health.

## Dental and Oral Health Services

A full range of adult and children services are provided by our team of dedicated dental professionals, who strive to make the dental experience as relaxing and comfortable as possible.

Services offered are:

- **Preventative care**  
Includes exams, x-rays, sealants, fluoride and dental cleanings
- **Periodontal care**  
Treatment and management of gum disease
- **Oral surgery**  
Routine removal of non-restorable teeth
- **Restorative care**  
Includes fillings, root canals and crowns
- **Prosthetic care**  
Full and partial dentures available in-house
- **Emergency care**  
Walk-in, same day care when possible

## Invest In Your Overall Health

In addition to regular dental checkups, the below habits will help keep your body and your teeth healthy!

- Brush your teeth at least twice a day with a soft-bristled brush using fluoride toothpaste.
- Floss daily.
- Use mouthwash to remove food particles left after brushing and flossing.
- Eat a healthy diet and limit food with added sugars.
- Schedule annual dental checkups and cleanings.
- Avoid tobacco use.
